Twentysomething: Why Do Young Adults Seem Stuck? Samantha Henig, Robin Marantz Henig
A mother-daughter writing team reports on what's really up with kids today

Science writer Robin Marantz Henig and her daughter, journalist Samantha Henig, offer a smart, comprehensive look at what it's really like to be twentysomething—and to what extent it's different for Millennials than it was for their Baby Boomer parents. The Henigs combine the behavioral science literature for insights into how young people make choices about schooling, career, marriage, and childbearing; how they relate to parents, friends, and lovers; and how technology both speeds everything up and slows everything down. Packed with often-surprising discoveries, *Twentysomething* is a two-generation conversation that will become the definitive book on being young in our time.

"The fullest guide through this territory . . . A densely researched report on the state of middleclass young people today, drawn from several data sources and filtered through a comparative lens."

—*The New Yorker*
