Financial planner and broker Julie Stav first took the American and Spanish markets by storm with the bestseller and PBS Series *Get Your Share*. She spoke specifically to women, showing them how to strike it rich in the stock market. Now she speaks to everyone-men and women, young and old, new and seasoned investor alike-sharing her wisdom on how to make long-term financial dreams come true.

One of the keys to achieving successful financial goals is in mutual funds and 401(k)s. And while most people do participate in such investment plans, they may not be participating profitably. In this smart, sensible and down-to-earth guide, Julie Stav shows investors and prospective investors how to get the most out of their mutual funds and 401(k) plans. She explains how to set financial goals-whether they are to retire with financial dignity, send the kids to college, or purchase a new home-and achieve them.

But most of all, Julie Stav's fun, conversational, and easy-to-understand approach takes the fear out of investing and puts the roadmap to riches within reach.
