## **Garage: Reinventing the Place We Park** Kira Obolensky

Anyone who thinks the garage is simply a place to park the car will never think that again after a look at this book. Garage takes a look at the last, undiscovered frontier of home design... the most versatile room not in the house. The book explores many uses for this ubiquitous space -- from studio, library, and museum to soundstage, playroom, and greenhouse. Garage takes this space seriously, after all.

- Includes more than 200 color photographs of over 50 garages.
- Shows how to create a garage "room" that meets one's needs for efficiency and style.
- Provides options for using existing space and floor plans for new structures.
