Marking Modern Times: A History of Clocks, Watches, and Other Timekeepers in American Life

Alexis McCrossen

The public spaces and buildings of the United States are home to many thousands of timepieces—bells, time balls, and clock faces—that tower over urban streets, peek out from lobbies, and gleam in store windows. And in the streets and squares beneath them, men, women, and children wear wristwatches of all kinds. Americans have decorated their homes with clocks and included them in their poetry, sermons, stories, and songs. And as political instruments, social tools, and cultural symbols, these personal and public timekeepers have enjoyed a broad currency in art, life, and culture.

In *Marking Modern Times*, Alexis McCrossen relates how the American preoccupation with time led people from across social classes to acquire watches and clocks. While noting the difficulties in regulating and synchronizing so many timepieces, McCrossen expands our understanding of the development of modern time discipline, delving into the ways we have standardized time and describing how timekeepers have served as political, social, and cultural tools in a society that doesn't merely value time but regards access to time as a natural-born right, a privilege of being an American.

Richard Russell:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Marking Modern Times: A History of Clocks, Watches, and Other Timekeepers in American Life can make you experience more interested to read.

Byron Hiebert:

What is your hobby? Have you heard this question when you got students? We believe that that concern was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. And also you know that little person such as reading or as reading through become their hobby. You need to know that reading is very important along with book as to be the issue. Book is important thing to incorporate you knowledge, except your teacher or lecturer. You get good news or update about something by book. Amount types of

books that can you go onto be your object. One of them is this Marking Modern Times: A History of Clocks, Watches, and Other Timekeepers in American Life.
