Bald Eagles

Mark Newman

Bald Eagles Mark Newman

This book presents 140 full page color photographs of various aspects of the bald eagle's life, from nesting through adulthood. The dramatic images are the author's best from nearly 40 years of photographing and observing bald eagles from Alaska to Canada to Florida. The images are accompanied by fascinating information about the life history of this great raptor. In Alaska most of the images were captured at the Chilkat Bald Eagle Preserve, where 3000 eagles gather in the late Fall to feast on a late run of salmon.
