Background to Discovery: Pacific Exploration from Dampier to Cook (Clark Library Professorship, UCLA)

Background to Discovery: Pacific Exploration from Dampier to Cook (Clark Library Professorship, UCLA)

Background to Discovery recounts the great voyages of discovery, from Dampier to Cook, that excited such fervent political and popular interest in eighteenth-century Europe. Perhaps this book's greatest strength lies in its remarkable synthesis of both the achievements of European maritime exploration and the political, economic, and scientific motives behind it. Writing essays on the literary and artistic response to the voyages as well, the contributors collectively provide a rich source for historians, geographers, and anyone interested in the history of voyage and travel.
