This fascinating study of the life and work of Julian of Norwich, the 14th century English mystic, whose *Revelations* is among the most popular and influential works of Christian mysticism, is the first book to combine an historical reconstruction of Julian's life in 14th century Norwich with a comprehensive commentary on her *Revelations* in a new and faithful translation from the Middle English. Unlike other brief summaries of Julian's life and times, this book goes in-depth to uncover the political, cultural, social, and religious milieu that formed and deeply influenced her development as a woman and a mystic. Additionally, unlike other textual companions to Julian's work that provide only short explanations of Middle English words, or merely footnote theological terms, this work gives the reader a detailed analysis of her writings, illuminating her ground-breaking mystical theology with extensive scholarship. Throughout, the book creates a strong dramatic arc for Julian's *Revelations* that interweaves her personal sufferings and burning questions with her visionary experiences, producing a compelling spiritual biography.
