Bewitching Birthday is the second novel in the Welcome to Keystone series. The novel takes place in October around the time of Halloween, and the main characters are facing the challenges of being forgotten, discovering their true identities and morals, and an upcoming election that threatens to throw the entire town into turmoil! Summary from the Back Cover: Kaitlin Lawrence is about to turn fourteen but is saddened by the fact that no one seems to remember that Halloween is her birthday. However, when the big day arrives, Kaitlin will receive both good and bad surprises. Dennis Lawrence is forced into a very competitive campaign race when Lucifer Riches returns to town and decides to run against him in the election for mayor. Will Lucifer's tactics cause Dennis to drop out of the election, or will Dennis decide to stand up and fight against his rival for the good of the town? All Gerard Riches has ever wanted is to be a normal kid. However, becoming a normal kid may be harder than he originally thought when he realizes that despite all the help Loretta Nander is giving him, there are some aspects of his life that will never be normal. Due to her refusal to complete the popular group hazing, Cahuenga Riches begins to tease and badger Caterina Lawrence. But when Cahuenga's attacks go too far, she sets herself up for the ultimate showdown with Johnny Lawrence.
