AFLS Vocational Skills Protocol

James W. Partington and Michael M. Mueller

AFLS Vocational Skills Protocol James W. Partington and Michael M. Mueller

The AFLS series comprises the Guide and protocols which assess functional, practical, and essential skills of everyday life. Each assessment protocol can be used as a standalone assessment, but the protocols are conceptualized as distinct parts of an extended assessment spanning a continuum throughout a learner's life in home, school, and community settings. Each module is distinct, but is connected by unifying themes and overarching goals for maximizing a learner's freedom, independence, and opportunities. THIS is the Vocational Skills Protocol. This module provides caregivers and professionals with information to teach essential skills to learners preparing to enter the workforce or those who are already working but want to further develop skills for a wide variety of settings. This criterion-referenced assessment covers skills related to obtaining employment, searching for job openings, creating resumes, completing applications, and preparing for interviews. This protocol also includes a wide range of basic work-related skills such as job safety, payroll, financial issues, and interacting with supervisors and co-workers. It also includes a review of skills required in specific types of jobs in a variety of settings. The assessment evaluates vocational skills for individuals with various types and levels of disability. The Vocational Skills Protocol includes: • Job Search. • Interview. • Basic Skills. • Coworker Relations. • Workplace Safety. • Fixed Activity Skills. • Custodial & Cleaning. • Laundry. • Retail. • Support Personnel. • Office Skill • Computer Skills. • Restaurant Skills. • Restaurant Kitchen. • Warehouse • Tools. • Trades & Construction. • Landscaping.
