The Waste Lands: The Dark Tower, Book 3 Stephen King

In this third volume, several months have passed, and Roland's two new *tet*-mates have become trained gunslingers. Eddie Dean has given up heroin, and Odetta's two selves have joined, becoming the stronger and more balanced personality of Susannah Dean. But while battling The Pusher in 1977 New York, Roland altered *ka* by saving the life of Jake Chambers, a boy who - in Roland's world - has already died. Now Roland and Jake exist in different worlds, but they are joined by the same madness: the paradox of double memories.

Roland, Susannah, and Eddie must draw Jake into Mid-World and then follow the Path of the Beam all the way to the Dark Tower. Along the way our *tet* stumbles into the ruined city of Lud, and are caught between the warring gangs of the Pubes and the Grays. The only way out of Lud is to wake Blaine the Mono, an insane train that has a passion for riddling, and for suicidal journeys.
