Bob's solid guidance helps you target long-term opportunities."

—**Suze Orman**, Author of *The Road to Wealth* and #1 *New York Times* Bestsellers, *The 9 Steps to Financial Freedom* and *The Courage to Be Rich*

The five themes driving and shaping the market in the millennium, from one of Wall Street's most respected investors.

In *Where the Money Is*, Bob Froehlich, one of the financial community's most trusted advisors, gives readers a rare insider's view of the strategies that financial markets and industries are developing to capitalize on the new terrain. Peering over the economic horizon for clues to next year and beyond, Froehlich pinpoints the five most relevant investment themes that will drive and shape the continuing bull market-as they are shaping society-into the new millennium. Focusing on such key issues as the aging baby boomer population, the continued growth of a technology that provides greater access and connectivity to the world, and the rise of the global marketplace, Froehlich shows investors how to spot these larger trends within the financial markets and the economy and to build an appropriate investment strategy to capitalize on them for rich rewards. Froehlich shows readers where the money is and where it can be found in the future.
