Searching for the Light H. Bruce May

We are all searching for the Light, knowingly or not. The most fundamental truths about the human condition can only be found within your own personal experience of the world. Light reveals the world to human consciousness at the same time that it also reveals our true nature as spiritual beings. When you search for the Light you follow the paths of countless others who have found how to invite transcendence into their lives by following their own personal journey to the Light. The truths revealed by this journey transcend all cultures, places, times and religions. The Search for the Light recounts the author's own personal journey offering a simple explanation of transcendent experience and the deeper experience of liberation well known in Eastern religions. The Ox Herding pictures, famous in Zen literature, help explain the nature of this journey. This same experience can also be found in the life of Jesus as revealed in the Gospel of Thomas.
