Edward Bellamy

Looking Backward (Dover Thrift Editions) Edward Bellamy

First published in 1888, *Looking Backward* was one of the most popular novels of its day. Translated into more than 20 languages, its utopian fantasy influenced such thinkers as John Dewey, Thorstein Veblen, Eugene V. Debs, and Norman Thomas. Writing from a 19th century perspective and poignantly critical of his own time, Bellamy advanced a remarkable vision of the future, including such daring predictions as the existence of radio, television, motion pictures, credit cards, and covered pedestrian malls.

On the surface, the novel is the story of time-traveler Julian West, a young Bostonian who is put into a hypnotic sleep in the late 19th century, and awakens in the year 2000 in a socialist utopia. In conversations with the doctor who awakened him, he discovers a brilliantly realized vision of an ideal future, one that seemed unthinkable in his own century. Crime, war, personal animosity, and want are nonexistent. Equality of the sexes is a fact of life. In short, a messianic state of brotherly love is in effect.

Entertaining, stimulating, and thought-provoking, *Looking Backward*, with its ingenious plot and appealing socialism, is a provocative study of human society as it is and as it might be.

From reader reviews:

Tracy McCulloch:

Playing with family in a park, coming to see the ocean world or hanging out with friends is thing that usually you may have done when you have spare time, in that case why you don't try issue that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Looking Backward (Dover Thrift Editions), you can enjoy both. It is great combination right, you still need to miss it? What kind of hang-out type is it? Oh occur its mind hangout fellas. What? Still don't understand it, oh come on its named reading friends.

Maria Huffman:

As we know that book is very important thing to add our knowledge for everything. By a publication we can know everything we wish. A book is a group of written, printed, illustrated or perhaps blank sheet. Every year was exactly added. This publication Looking Backward (Dover Thrift Editions) was filled concerning science. Spend your extra time to add your knowledge about your technology competence. Some people has several feel when they reading some sort of book. If you know how big advantage of a book, you can experience enjoy to read a e-book. In the modern era like currently, many ways to get book which you wanted.

Janice Smith:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Looking Backward (Dover Thrift Editions) can make you experience more interested to read.

Adam Hay:

What is your hobby? Have you heard in which question when you got college students? We believe that that issue was given by teacher with their students. Many kinds of hobby, All people has different hobby. And also you know that little person similar to reading or as looking at become their hobby. You must know that reading is very important along with book as to be the thing. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You discover good news or update concerning something by book. Different categories of books that can you go onto be your object. One of them is this Looking Backward (Dover Thrift Editions).
