Word Meaning and Syntax: Approaches to the Interface (Oxford Surveys in Syntax & Morphology)

Stephen Wechsler

This book examines the nature of the interface between word meaning and syntax, one of the most controversial and elusive issues in contemporary linguistics. It approaches the interface from both sides of the relation, and surveys a range of views on the mapping between them, with an emphasis on lexical approaches to argument structure. Stephen Wechsler begins by analysing the fundamental problem of word meaning, with discussions of vagueness and polysemy, complemented with a look at the roles of world knowledge and normative aspects of word meaning. He then surveys the argument-taking properties of verbs and other predicators, and presents key theories of lexical semantic structure. Later chapters provide a description of formal theories and frameworks for capturing the mapping from word meaning to syntactic structure, as well as arguments in favour of a lexicalist approach to argument structure. The book will interest scholars of theoretical linguistics, particularly in the fields of syntax and lexical semantics, as well as those interested in psycholinguistics and philosophy of language.

Michael Parker:

As we know that book is vital thing to add our know-how for everything. By a publication we can know everything we wish. A book is a range of written, printed, illustrated or perhaps blank sheet. Every year seemed to be exactly added. This e-book Word Meaning and Syntax: Approaches to the Interface (Oxford Surveys in Syntax & Morphology) was filled about science. Spend your time to add your knowledge about your scientific research competence. Some people has several feel when they reading some sort of book. If you know how big good thing about a book, you can feel enjoy to read a guide. In the modern era like at this point, many ways to get book that you simply wanted.

Billy Migliore:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to presently there but

nothing reading critically. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Word Meaning and Syntax: Approaches to the Interface (Oxford Surveys in Syntax & Morphology) can make you really feel more interested to read.
