Histology: The Big Picture (LANGE The Big Picture) John Ash, David Morton, Sheryl A. Scott

Get the BIG PICTURE of Histology – and zero-in on what you really need to know to ace the course and board exams!

400 FULL-COLOR ILLUSTRATIONS

Medical Histology: The Big Picture is a different kind of study tool. With an emphasis on what you “need to know” versus “what’s nice to know”, and featuring more than 400 full-color illustrations and micrographs, it offers a focused, streamlined overview of human histology. You’ll find a succinct, user-friendly presentation designed to make even the most complex concepts understandable in a short amount of time.

With just right balance of information to give you the edge at exam time, this unique combination text and atlas features:

- An efficient, study-enhancing design consisting of text on the left-hand page and related illustrations on the right-hand page – allowing you to grasp individual principles, one concept at a time
- The inclusion of detail, often clinical in nature, that clarifies the link between the structural and functional applications of histology
- Review questions and answers at the end of each chapter
- A complete final exam at the end of the book
- Icons that indicate high-yield, clinically relevant concepts
- Key Structures highlighted when they first appear to indicate their importance
- More than 400 full-color illustrations and micrographs depicting essential histology
- Concise, easy-to-remember bulleted text

From reader reviews:

Matt Cresswell:

As people who live in typically the modest era should be upgrade about what going on or details even knowledge to make these individuals keep up with the era and that is always change and move ahead. Some of you maybe will certainly update themselves by reading through books. It is a good choice to suit your needs but the problems coming to a person is you don't know what type you should start with. This Histology: The Big Picture (LANGE The Big Picture) is our recommendation so you keep up with the world. Why, because this book serves what you want and need in this era.

John Armstead:

Reading a e-book tends to be new life style in this particular era globalization. With reading you can get a lot of information that can give you benefit in your life. Using book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire all their reader with their story or even their experience. Not only the storyline that share in the guides. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors nowadays always try to improve their expertise in writing, they also doing some study before they write with their book. One of them is this Histology: The Big Picture (LANGE The Big Picture).

Jessie Davis:

A lot of people always spent their own free time to vacation as well as go to the outside with them friends and family or their friend. Are you aware? Many a lot of people spent they will free time just watching TV, as well as playing video games all day long. If you need to try to find a new activity that is look different you can read a book. It is really fun for yourself. If you enjoy the book that you read you can spent all day every day to reading a publication. The book Histology: The Big Picture (LANGE The Big Picture) it is extremely good to read. There are a lot of folks that recommended this book. These folks were enjoying reading this book. Should you did not have enough space to bring this book you can buy the actual e-book. You can m0ore easily to read this book through your smart phone. The price is not very costly but this book has high quality.

Lawrence Pomerleau:

In this era globalization it is important to someone to get information. The information will make anyone to understand the condition of the world. The condition of the world makes the information simpler to share. You can find a lot of references to get information example: internet, magazine, book, and soon. You can observe that now, a lot of publisher which print many kinds of book. Often the book that recommended to your account is Histology: The Big Picture (LANGE The Big Picture) this guide consist a lot of the information in the condition of this world now. That book was represented how can the world has grown up.

The words styles that writer use for explain it is easy to understand. The actual writer made some exploration when he makes this book. This is why this book suited all of you.
