### THE NOVEL:

Is sex essential? Is it truly, deeply important in a loving relationship? Of course!

Tom and Heather Wellesley are a once-highly-attractive but now slightly boring, out of shape family couple in their thirties whose intimacy and excitement have waned, opening the door for the possibility of divorce.

However in its face they fashion, by mounting degrees, a culture of their own creation, not knowing in the beginning that hotwifing was already a worldwide phenomenon - not only in their specific context, but also in that of others across HW's widespread, wildly varying landscape.

At the outset Heather faces a serious learning curve as her seduction techniques meet, ironically, with alternating degrees of deliriously amusing while sometimes woefully discouraging non-success.

However on the plus side Tom's love life with Heather begins to percolate wildly, as had occurred for the real-life couple upon whose story this rowdy, raunchy, sensuous and sensual tale is lovingly based - and with whose input and enthusiasm it was written. With grander, more intimate and more intriguing successes for Heather - with and occasionally without Tom - to follow. And follow!
