With the wealth of investment information available today, it is vital that investors can understand and assess the facts and figures before making important financial decisions. This fourth edition of Understanding Investments contains even more information than previous editions, with new chapters on hybrid securities, listed investment companies, investment advisers, hedge funds and trading over the internet. In their user-friendly style, the authors once again provide essential details for new investors or those wanting to make the most of their investments in all types of markets. Topics covered include: * structuring and maintaining your investment portfolio * investing in the sharemarket, including more sophisticated investment strategies * understanding investment jargon and where to find useful information * investing in the property market, including using property trusts.
