We Install: And Other Stories Harry Turtledove

From Harry Turtledove, bestselling author of the *Worldwar* series and *The Guns of the South*, a collection of nine stories and three essays that illuminate his broad storytelling range

Harry Turtledove earned the title “master of alternate history” from *Publishers Weekly* for his thought-provoking novels that turn historical facts into gripping tales of possibility. But his writing talent goes much further. *We Install* offers a showcase of styles, from humor—in “Father of the Groom,” a scientist with a penchant for wild experimentation helps his love-struck son by synthesizing a wedding ring out of two carrots—to classic science fiction, as in the Hugo Award-winning “Down in the Bottomlands” and “Hoxbomb,” in which a regular guy just trying to make a living selling scooters has to deal with some very odd competition. The alternate history tale “Drang von Osten” begins on a bloody battlefield in World War II and ends somewhere quite different. In the brand-new “Logan’s Law,” a man discovers that sometimes, second chances really do work out. The book’s three essays tackle the diverse subjects of how to write alternate history, Tolkien’s *The Lord of the Rings*, and the history of Chanukah.

We Install will delight longtime Turtledove fans and new readers alike with its rich offerings from one of the finest craftsmen writing today.
