Concussion

Jeanne Marie Laskas

Concussion Jeanne Marie Laskas

NEW YORK TIMES BESTSELLER • Now a major motion picture starring Will Smith, *Concussion* is the riveting, unlikely story of Dr. Bennet Omalu, the pathologist who made one of the most significant medical discoveries of the twenty-first century, a discovery that challenges the existence of America's favorite sport and puts Omalu in the crosshairs of football's most powerful corporation: the NFL.

Jeanne Marie Laskas first met the young forensic pathologist Dr. Bennet Omalu in 2009, while reporting a story for *GQ* that would go on to inspire the movie *Concussion*. Omalu told her about a day in September 2002, when, in a dingy morgue in downtown Pittsburgh, he picked up a scalpel and made a discovery that would rattle America in ways he'd never intended. Omalu was new to America, chasing the dream, a deeply spiritual man escaping the wounds of civil war in Nigeria. The body on the slab in front of him belonged to a fifty-year-old named Mike Webster, aka "Iron Mike," a Hall of Fame center for the Pittsburgh Steelers, one of the greatest ever to play the game. After retiring in 1990, Webster had suffered a dizzyingly steep decline. Toward the end of his life, he was living out of his van, tasing himself to relieve his chronic pain, and fixing his rotting teeth with Super Glue. *How did this happen?*, Omalu asked himself. *How did a young man like Mike Webster end up like this?* The search for answers would change Omalu's life forever and put him in the crosshairs of one of the most powerful corporations in America: the National Football League. What Omalu discovered in Webster's brain—proof that Iron Mike's mental deterioration was no accident but a disease caused by blows to the head that could affect everyone playing the game—was the one truth the NFL wanted to ignore.

Taut, gripping, and gorgeously told, *Concussion* is the stirring story of one unlikely man's decision to stand up to a multibillion-dollar colossus, and to tell the world the truth.

Advance praise for *Concussion*

"A gripping medical mystery and a dazzling portrait of the young scientist no one wanted to listen to . . . a fabulous, essential read."—**Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks***

"The story of Dr. Bennet Omalu's battle against the NFL is classic David and Goliath stuff, and Jeanne Marie Laskas—one of my favorite writers on earth—makes it as exciting as any great courtroom or gridiron drama. A riveting, powerful human tale—and a master class on how to tell a story."—**Charles Duhigg, author of *The Power of Habit***

"Bennet Omalu forced football to reckon with head trauma. The NFL doesn't want you to hear his story, but Jeanne Marie Laskas makes it unforgettable. This book is gripping, eye-opening, and full of heart."—**Emily Bazelon, author of *Sticks and Stones***

From reader reviews:

Daniel Soderquist:

The book Concussion make you feel enjoy for your spare time. You may use to make your capable considerably more increase. Book can to become your best friend when you getting tension or having big problem with the subject. If you can make looking at a book Concussion being your habit, you can get much more advantages, like add your own personal capable, increase your knowledge about a few or all subjects. You may know everything if you like wide open and read a reserve Concussion. Kinds of book are several. It means that, science e-book or encyclopedia or other individuals. So , how do you think about this publication?

Ian Coghlan:

Information is provisions for those to get better life, information nowadays can get by anyone at everywhere. The information can be a information or any news even a concern. What people must be consider any time those information which is inside the former life are challenging be find than now is taking seriously which one works to believe or which one the resource are convinced. If you have the unstable resource then you get it as your main information we will see huge disadvantage for you. All those possibilities will not happen within you if you take Concussion as your daily resource information.

Mark Shanks:

With this era which is the greater person or who has ability to do something more are more special than other. Do you want to become certainly one of it? It is just simple strategy to have that. What you must do is just spending your time little but quite enough to get a look at some books. On the list of books in the top list in your reading list is definitely Concussion. This book that is certainly qualified as The Hungry Hills can get you closer in getting precious person. By looking upwards and review this reserve you can get many advantages.

James Gardner:

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's heart or real their hobby. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Concussion can make you truly feel more interested to read.
