Disney's Grand Tour: Walt and Roy's European Vacation, Summer 1935 Didier Ghez

Accompany Walt on the Trip That Changed Disney History

With the full cooperation of Walt's late daughter Diane Disney Miller, Didier Ghez spent years researching this seminal but little-known event that became so vital to the continued growth of the Disney company right through the creation of Disneyland two decades later. His book, *Disney's Grand Tour*, is the culmination of that research.

With the full cooperation of Walt's late daughter Diane Disney Miller, Didier Ghez spent years researching this seminal but little-known event that became so vital to the continued growth of the Disney company right through the creation of Disneyland two decades later. His book, *Disney's Grand Tour*, is the culmination of that research.

Walt Disney's European Vacation

The early 1930s was a crucial time for Walt Disney: despite the global success of Mickey Mouse, Walt knew he couldn't rely on his iconic alter-ego to sustain his studio indefinitely. He needed new triumphs. So he staked his creative future and his cinematic fortune on *Snow White*. But the pressure was edging Walt ever closer to another nervous breakdown; he needed a vacation.

Walt's brother Roy suggested a trip to Europe with their wives. The trip would take the Disneys from England to France, Germany, and Italy, and then back home. While the couples intended to relax and enjoy the comforts of Old World Europe, as well as the gala events held in their honor, Walt also had business in mind: his grand tour was not just about taking in the sights but about building the Disney brand in Europe and bringing back to America ideas and source material for new films, new cartoons, and far down the road, a new theme park.

Your Travel Itinerary with Walt

In *Disney's Grand Tour*, famed historian Didier Ghez traces the footsteps of Walt and Roy Disney as they board the *Normandie* in New York and sail to England, then travel through France, Germany, and Italy prior to boarding another luxury liner for the trip home.

But the book is no mere travelogue: you will be at Walt's side as he conducts Disney business; meets H.G. Wells, Louis Lumiere, and other notables; attends shows, concerts, and ceremonies; and recharges his creative powers for the astonishing Disney projects ahead.

A Taste of What's Inside

Your trip with Walt and Roy includes:

- First-class accommodations aboard the luxury liner *Normandie* bound for England
- Twelve days in England and Scotland, where Walt experiences one of the biggest thrills of his life
- Ten days in France, where Walt receives a medal from the Legion of Nations for Mickey Mouse—or so he thinks
- Six days in Germany and Switzerland, where Walt attends a stage show that may have inspired the party scene in *Snow White*

- Twelve days in Italy, where Walt strikes a Mickey Mouse deal with Italy's biggest publisher and flushes out a pair of crooks
- Personal meetings with Mussolini and the Pope—or maybe not
- Expert analysis of and insight into the major milestones of the tour

In addition to the many “small and delightful surprises” that noted animation historian (and author of *The Animated Man: A Life of Walt Disney*) Michael Barrier mentions in his preface to the book, *Disney's Grand Tour* features over 200 notes for those inclined to dig deeper into the story. It also contains a list of the hundreds of books that Walt personally selected in Europe for transfer back to the Disney Studio library. These books inspired Disney artists and animators for decades.

So pack your bags. The Normandie whistle blows. Embark with Walt Disney and join him on a grand tour of Europe!
